Journal Citation Indicator™

11.03	13.63
2024	2023

JCI Category	Category Rank	Category Quartile
--------------	---------------	-------------------

The Journal Citation Indicator is a measure of the average Category Normalized Citation Impact (NCNI) of citable items (articles and reviews) published by a journal over a recent three year period. It is used to help you evaluate journals based on other metrics besides the Journal Impact Factor (JIF). [Learn more](#)
